Man: Do you know what you are talking about?

Girl: Of course! If I want to know which high school I will go to, I should keep combing my hair 200 times. What's more, I can see in the mirror who will be my husband and what he looks like by combing my hair 600 times.

Mia: I can't agree with you more, but I just have money for one movie.

Flex: Then why don't you watch the movies with me. I will treat you not only Tom Cruise's exciting movie but also the Japanese romantic love one.

Maybe you will treat me like your prince, too.
